

CERTIFICATE OF SPECIALIZATION

Environmental and Natural Resources Law

Juris Doctor students who have demonstrated a specialized proficiency in environmental, natural resources, land, water, or energy law may receive a Certificate in Environmental and Natural Resources Law in addition to their Juris Doctor degree.

To qualify for the certificate, students must complete the following requirements:

- 1. Students must meet all general requirements for a J.D. degree.**
- 2. Students must complete a total of 17 semester credit hours** that must include:
Administrative Law (3)
Environmental Law (3) or Natural Resources Law (3)
and the remaining 11 semester hours of elective study chosen from the following environmental and natural resources courses (not all of which are offered each year):

- Administrative Law
- Air Pollution
- Business Organizations
- Climate Change
- Conservation Easements
- Energy Law
- Externship Placement Approved by Externship Director and Academic Dean
- Environmental Conflict Resolution
- Environmental Crimes
- Environmental Law
- Environmental Practice
- Federal Indian Law
- International Environmental Law
- Land Use Control
- Legal Issues in Archaeology
- Mining Law
- Natural Resources Law
- Ocean & Coastal Law
- Oil & Gas Law
- Real Estate Development
- Real Estate Finance
- Seminars related to this field
- State and Local Government Law
- Statutory Interpretation
- Toxic & Environmental Torts
- Water Law

Due to the evolving nature of the law school curriculum, new courses or seminars may count toward the certificate course requirements; inquiries about whether a particular course qualifies should be directed to the Associate Dean for Academic Affairs, who will consult with the relevant faculty members as necessary. The Associate Dean for Academic Affairs also has the authority to remove courses from the above list of electives if they are no longer offered.

Non-law school courses may be taken to fulfill the elective credit requirement with prior approval by the Associate Dean for Academic Affairs. Such courses will be approved by the Associate Dean for Academic Affairs in consultation with the relevant faculty members.

- 3. Students must complete all certificate requirements with at least a B overall average and no grade lower than a B- in courses taken to satisfy the certificate.**
- 4. Students must write a paper that satisfied the Seminar Paper Requirement dealing with environmental, energy, land use, natural resources, or water law**
- 5. Students may apply a maximum of 3 credit hours earned while participating in an environmental, natural resources, or energy law externship toward the 17-credit-hour requirement for the certificate. The 3 credit limit for externship hours does not include the hours taken in a required course associated with the externship.**
- 6. A student may not exercise a CR/NC option in a course that counts toward the certificate.**
